GERTRUDE IS AUSTRALIA'S LEADING INCUBATOR OF CONTEMPORARY ART

Respected nationally and internationally, Gertrude has proven our impact for over 30 years shaping the careers of Australia's most celebrated artists.

85% of artists who have represented Australia at the Venice Biennale, or have been curated into the Biennale, since Gertrude's founding in 1985 are our studio and exhibition alumni.

As a non-commercial and independent space, Gertrude offers artists freedom for risk-taking, innovation and ambition.

Our artistic program – including our studio and exhibition program – is unique in its equal emphasis on the production and presentation of contemporary art. This enables us to back great artists to explore new ideas and present risk-taking work at pivotal points in their careers.

Gertrude gives audiences unique insight into the creative development of artists. Our audiences engage with risk-taking, formative moments that define artist careers.

GERTRUDE NEEDS YOUR SUPPORT

Gertrude was founded from a partnership between the artistic community, government and private philanthropy. This partnership remains fundamental today.

Whilst Gertrude has been successful in maintaining State and Federal government operational support, this funding only covers on average 65% of our core annual expenditure. Each year, Gertrude raises the additional amount through philanthropic and project support (30%) and earned revenue (5%).

Annual philanthropic donations from our community of generous supporters are essential in enabling Gertrude to continue delivering an impactful program for artists today and in the future.

EVERY DOLLAR THAT YOU GIVE MAKES A DIFFERENCE

Your donation provides much needed financial support for artist participation in our studio program, artist development of new work for our exhibition program, and the delivery of our public and education programs that inspire Australia's next generation of artists.

In an organisation of Gertrude's scale and impact, every donation big or small is needed. All donations over \$2 are tax-deductible.
